ON THE BALL

with

ALLEN BATSFORD

SO we come to the last game of the season, a season of "if only", but that's football. We have been so near to the championship for a long time, and in all honesty we should have wrapped it up, but failure to win a couple of vital home games, but we have done exceedingly well on a small squad and the players can be proud of their record away from home, an extra couple of experienced players may have made all the difference, who knows?

I would like to thank the players for their efforts during the season and also Brian Hall, Peter Braxton, Les Scott, plus the "away crew" who carry kit etc, when we travel.

Thanks also to the Supporters Club for all their help and donations, and of course Mrs. Verrall for the players tea etc.

Thanks also to Graham Harris and "Doc" Len Goodchild who have "patched up" the players and kept the team going.

Finally thanks to all those I haven't mentioned to who help to make the club go with a swing.

MATCH SPONSORSHIP — BRAZIER METALS LTD. —

TODAY we welcome Don Peake and his fellow directors to Wealdstone. This is the first time we have been in this fortunate position and we thank everyone from Brazier Metals for the opportunity to create a little bit of history for the Club, and hope you have an enjoyable day.

Ann Cook, Public Relations and Advertising Director, Brazier Metals Ltd, holding Gold Bars direct from Brazier Refinery.

MANY a Wedding ring, lovingly slipped over a bride's finer 10, 20, 30, or even 50 years ago, meets a melting but unsentimental end at a Refinery Plant in a West London suburb.

Some are worn, some are new. Tantalisingly, there must be a story, slipping forever out of reach, not only behind the rings, but also connected with other gold and silver oddments that make their last trip—at least in their present form— to the premises of Brazier Metals Ltd., at Rothschild Road, Acton. The fact that Brazier deal with 'waste' gold, silver and platinum, and that the Rothschild name come sinto their present address is pure coincidence, for Brazier was formed well over a decade ago by the companies Chairman Donald Edward Peake.

'Waste' precious metals come from Jewellers and Companies which use the materials in their various products. These arrive at Brazier in many different shapes and forms, components used in the Eletrical Industry in computers and Machinery, rolls of film which can be specially treated to recover quantities of silver, offcuts from Jewellery Manufacturers who cannot use the excess small cuttings which are left after shaping their article, and endless quantities of rings, old watch cases, bracelets, charms, spectacle frames and other oddments which members of the public either bring or send by registered post in exchange for payment.

Continued

There are also lots of household items which end up at Braziers for their silver content. Knives, forks and spoons, coffee and tea sets, all end up in the melting pot, even ancient coins.

In 1981 Brazier were asked to melt into bars, a number of silver coins which had reposed under the sea for more than a couple of centuries, they were part of a treasure trove of some 35,000 silver coins which went down with the 'Hollandia' a Dutch East Indiaman, off the Scilly Isles in 1743, when the ship was outward bound on her maiden voyage for the then port of Batavia in the Dutch East Indies.

The compact premises of Brazier Metals flanked on either side by terraced rows of dwellings, stand out impressively in Rothschild Road, their well kept appearance is maintained throughout, sophisticated security systems and furnace equipment are installed along with a well set-up laboratory, to deal with the raw materials which come in, whether it is a gold tie-pin or the sweepings from the floor of some industrial concern, where there maybe gold or silver particles among the dust. Treating and recovering precious metals is a highly technical and skilled business, it may mean treating a bulk material made up of sweepings, so that the minute contents of the precious metal can be separated and salvaged. To treat that material without losing what is really fine dust can be quite a problem.

Material like this is usually accumulated until tonnage builds up and then treating this quantity can prove a very viable proposition for the customer.

Buying articles from the public either through advertising or through personal callers, is a side line at Braziers, but increasingly quite an important one. There are quite a number of purchasers of precious metals, but only a handful of companies like Brazier which can handle the complete Refining process, from purchasing through analysing, to reducing the precious metal to ingots.

The price offered is related strictly to current daily prices and to the metal that can be recovered, sellers can be paid in currency or in Krugerrands, Sovereigns or bullion. The staff at Brazier are always willing to offer advice on hallmarking, weights and prices and the Sales counter at Rothschild Road in Acton operates 5 days a week from 9am to 5pm and on a Saturday morning from 9am to 1pm.

PRESENTATION EVENING SATURDAY MAY 7th IN THE MORRITT SUITE

THIS evening sees our end of season Presentation Dance where the Supporters Club will announce their "Player of the Year".

Also the players 'Player of the Year' will be presented.

So come along, meet the players and enjoy yourselves. Food will be available.

THE CLUB NEEDS YOU...

DURING the close season helpers are required to assist with painting, weeding and general tidying up around the ground. We're not looking for budding Percy Throwers or even Leonardo di Vinci's just supporters who will be willing to give up a few hours on a Saturday or Sunday to help spruce up the stadium for next season. If you are able to assist either pop down at the weekends during the summer or leave your name and phone number in the Club Shop or with Allen Batsford and we will be in touch. Don't forget any useful gardening or paint brushes will also be very welcome!

DROPPING IN

SUPPORTERS CLUB Chairman Ray Kemp is taking part in a sponsored Parachute Jump at Ipswich Parachute Centre on 9th July to raise funds for the club. He will be jumping from some 2,000 feet and so far stands to raise over £100 – more sponsors are sought and if Ray doesn't drop in on you during the game call at the Supporters Club Shop to sign his sponsor form.

NON-LEAGUE NEWS

ISTHMIANS CHESTER UNITED were hit by a fire after last Tuesday's game against Hemel Hempstead—the blaze completely gutted their stand and caused an estimated £75,000 worth of damage. Hastings United, who were just pipped at the post for last season's Southern League South Division title by Wealdstone, are in danger of being relegated from the Premier Division. To add to their problems a petition for Winding Up proceedings to start against their limited company was presented last week.

The FA Trophy Final is an all Alliance match again this season when Telford United take on Northwich Victoria at Wembley Stadium next Saturday 14 May.

SUPPORTERS CLUB NEWS

A VERY GOOD AFTERNOON to you all. Today we extend a warm welcome to our visitors – the players, officials and supporters of ALTRINCHAM for this our final league game of the season. We trust that they enjoy their short stay here at Lower Mead. "Alty" are a famous cup-fighting team and a few seasons back were unfortunate not to gain election to the Football League. Their manager, Tony Sanders, is one of a trio of managers who have held office for the entire life of the APL: Barry Fry of Barnet and Nobby Clark of Worcester City make up the three. It was back at the beginning of the season that we travelled to Moss Lane and recorded our first ever victory over Altrincham, Mark Graves netting the only goal of the game. It was also our first ever rain free trip to Cheshire! Alty will provide some stiff opposition today and no doubt an entertaining game is in prospect.

Last Wednesday saw us complete the "double" over Don Masson's Kettering side with Mark Graves scoring a hat-trick and Stuart Pearce converting what I believe to be his first penalty for the club in an emphatic 4-0 victory. That was in fact Mark's second hat-trick this season and takes his league goal tally to 23. Although the championship is now beyond our reach for this season the statisticians around the ground have been working overtime with the various combinations that could see the Stones end the season as runners up. Whatever the final outcome the lads have put in a tremendous effort to get this far and deserve our congratulations for following up our successes in the Southern League last year with a determined attempt at the championship. Hopefully we will continue next season with the extra experience gained this campaign to mount a further challenge for honours.

Before this afternoon's game the Supporters Club will be presenting to the Football Club a further donation' of £500. This will bring the total donations this season to £2,500 (which includes the cost of the new tannoy system) and is money raised by the Supporters Club mainly from you the supporter. Our thanks go to those who have supported our fund raising activities this year and have therefore made these donations possible.

A new line in souvenirs has just arrived—tea mugs engraved with the Club Badge and our recent honours. These are available from the Club Shop price £1 and come in white with Royal Blue lettering. We also have on sale copies of this seasons Non-League Handbook reduced in price from £5 to just £3. The next edition of Long Ball Down the Middle will be under preparation during the close season and articles and letters are welcome from any source for possible publication. Please send any material to Peter Worby, care of the club.

The counting of the voting slips for the Supporters 'Player of the Year' award has now been completed and the Jock Law trophy will be presented to the winning player this evening at the special Presentation Evening which starts at 7.30pm in the Morritt Suite. Jock Law was a former member of the Supporters Club and this trophy is a memorial to his sterling work for the club.

SFC Wealdstone, the supporters club team, take on Northwick Park tomorrow here at Lower Mead kicking off at 10.30am. Both teams are assured of promotion to Division 4 but the championship will go to the winners of tomorrow's encounter. SFC would like to thank Allen Batsford for allowing them to use the Wealdstone pitch. Admission will be free!

Finally many supporters will be making the trip across the Channel next week for Wealdstone's match against Douai – Harrow's twin town. The game takes place next Wednesday evening and we wish the lads "bon chance".

Have a happy close season – see you next year! UP THE STONES!

Dave Heath

SUPPORTS CLUB - DONATION -

WE ARE pleased to announce that before the game today the Supporters Club are going to donate $\pounds 500.00$ to the Club. The Chairman, Mr. David Morritt, wishes to thank the Supporters Club for all the help and donations during the season.

CANCER COLLECTION

THIS afternoon collectors will be on and around our ground collecting money towards a Cancer Scanning Machine for Mount Vernon Hospital.

Please give generously, remember you may need this machine, or someone near and dear to you may require the service.

GAME FOR A LAUGH!! by ROBERT NOTHMAN

AS another football season gently ebbs away on its annual tidal wave of depression, with club finances in a parlous state, the number of sending-offs having reached an all time high, and predictions for the future as gloomy as they were twelve months ago, I think, perhaps, it's time to cheer up and consider some of the more light-hearted aspects of our national game.

Take for example our footballing jargon, that wonderfully cliche-riddled art form, which is as bereft of originality as Joe Bugner is of modesty. In pre and after match interviews, one can always amuse oneself by playing "Spot the Cliche". Ripostes like "over the moon, Brian" and "sick as a parrot" are certainly declining in popularity, as are "we take each game as it comes" and "we play for each other", but definitely in fashion at the moment is ". . . after all that's what football is all about". Unfortunately, however, everyone seems to have conflicting opinions as to what the game is actually all about - 'players', 'entertainment' and 'success' have all been put forward by various footballing personalities.

I am a great believer that statistics in football, and indeed sport in general, are only useful up to a certain point, but try telling that to David Coleman, whose legendary vide-printer analysis has recently provided viewers with some quite staggeringly useless gems. He imparted this epic just a few weeks ago, when the scoreline Workington Town... 3 Worksop... 0 was flashed up on the screen. "That's incredible", stammered Mr. Coleman, his voice filled with genuine incredulity, "Worksop now haven't scored at Workington for six years!". I mean, who honestly gives the

slightest.
Football journalism, I can assure you, has become in itself an industry. Thousands clamour each year to succeed in putting their barbed pen to Fleet Street paper, so that they can give fresh impetus to the weekly hammering which the game receives. The spontaneity of radio though, makes journalists far more vulnerable and unsure, to great comic effect. London's commercial station has among its ranks several amusing characters, one of whom seems to get lumbered with a surfeit of 0-0 draws and hence, not surprisingly, reports every score with the phrase "and what a beautiful goal it was". One of his colleagues, who might well have had an unfortunate accident during childhood, because his voice is so unusually high, fails miserably to disguise his support for Charlton Athletic, as he reports on all their home games with a remarkable disregard for their opponents' exploits.

The humour though in Stuart Half's match reports is not created by his shortcomings. Far from it. His reports are articulate masterpieces, conveying above all atmosphere and mood, highlighting the good rather than dwelling on the poor, and containing many a humourous turn of phrase. Yes I know he appears somewhat eccentric on "It's a Knockout", but I can assure you his eloquent, witty

reports are a revelation.

To end, well, let's look forward to next season, (yes it is only 3½ months away). Besides looking out to see whether a Scottish goalkeeper can make a decent save on television, and hoping that Trevor Francis could once run 20 yards without falling over or getting himself injured, I'll be willing the 'Stones to improve on this season's quite splendid showing, which I must admit, exceeded even my wildest dreams. My congratulations go to the players, manager and chairman.

PRESS RELEASE

THE ALLIANCE PREMIER FOOTBALL LEAGUE

ALLIANCE PREMIER LEAGUE CHAMPIONSHIP:

Alliance Premier League current champions Runcorn, could end up having a big say in who takes over their crown this season.

With the championship title certain to go until the last Saturday of the season, Runcorn's home clash with Enfield, could decide the championship.

Clash with Emerg, could declare the Championomp.

While Enfield travel to Runcorn, rivals Maidstone take on Scarborough at London Road, while Wealdstone entertain Altrincham.

F.A. TROPHY:

The F.A. Trophy final between Alliance Premier League club's Northwich Victoria and Telford looks like being close to a record crowd. The Football Association confirmed this week that ticket sales are going well and a crowd of over 25,000 is anticipated.

(Fixtures, League Table and Goalscorers compiled by Roy Couch)

JUDITH RURKA - Judith is our Secretary, she felt she wanted to do her "bit" for the Club by donating the ball for the last game.

Married with two children, Judith admits she knows nothing about football, but the look on her face when we have failed to win shows her heart is in the right place.
