## NOTES

Good afternoon everybody,

We give a very warm welcome this afternoon to our friends from Hamburg, and hope that they enjoy their stay in England, and especially here at Wealdstone.

The German side were due to play Enfield, but owing to cup commitments, Enfield were hard pressed to fulfil the fixtures, so we have helped out.

The season is shortly coming to a close for us, in this our last year as amateurs, we have only Woking to play at Lower Mead this Tuesday evening, k.o. 7.30 p.m., and the following Tuesday sees us at Hendon.

There could be some guest players helping out today, so in all probability today's match should prove very worthwhile.

We appeal to our supporters who can spare the time, to come along during the close season to help out on the ground, in readiness for our professional debut, please make an effort, to help the club along.
