## EDITORS NOTES

A very good afternoon to you all for our final home Beazer Homes League match of the season, and what a splendid opposition for such an occasion. A warm welcome to everyone from South Wales, and I sincerely hope you enjoy your day with us. This morning, a match was due to be played between the supporters of both clubs with yours truly in the middle. I hope that both of today's matches are enjoyable! Judging by the accents of the people on the phone after our splendid victory over Rugby, the interest in today's match will be great.

There are some people I must thank for their splendid efforts over the season. The contributors to this programme have never let me down, and grateful thanks to Sudhir, Neale, Roy and of course to the photographer - 'Fingers Fruin' and the 'Harrow Observer'. Ellis and Co, our printers deserve recognition as do the hard pushed typesetters who have had to contend with my handwriting all year! It has never been the same since I broke my hand. It would be a pointless exercise if you, the supporter, did not buy a copy, and thanks a million for keeping our sales buoyant!

I personally would like to pay tribute to four men who I so admire. Alan Clifton, our Chairman, Peter Braxton, our Secretary and Vice-Chairman, Joe McKeever, and Graham Field, who do just about everything! Their dedication is an example to us all.

Finally, thanks to YOU, the supporter for all of your support throughout the season, and let's all hope for a great 1989-90 campaign. You deserve it.

Enjoy the Summer.

Steve

## Mascot

Today's Mascot is Stephen Acres whose 9th Birthday it is today. Many Happy Returns from all of us at the "Stones".

Stephen is a keen Wealdstone supporter and also plays in goal for the 23rd Harrow Cubs Team.

His treat today has been arranged as a surprise by his brother Mark who contacted us back in February; Well done Mark, we hope Stephen enjoys his stay with us.

## INTRODUCING MERTHYR TYDFIL

Last season Merthyr won the Midland Division scoring over 100 goals, and it is a remarkable achievement to be major contenders for the title this season. Welsh Cup Winners in 1987 led to a meeting with Atalanta, Italy and they only went out 2-3 on aggregate. It is a great pleasure to welcome this most ambitious and well supported club.

**GARY WAGER - GOALKEEPER** Gary is the Club's first choice keeper, ever present this season having recovered from a serious injury last year. Welsh non league International, previous Club Bridgend Town.

**DAVID TONG - FULLBACK** An experienced defender in his third season at the Club, voted Player of the Year by Martyr Supporters last season, previous Clubs Cambridge United, Blackpool, Shrewsbury Town and Cardiff City.

**PETER JONES - FULLBACK** Rejoined the Club from Newport County in 1987, having played over 100 League games. Has played for Wales at non league level and is a very reliable and tenacious defender.

**ROGER MULLEN - DEFENDER** Joined the Club from Basingstoke after serving an apprenticeship at Swansea City, mobile, strong player who can play in most defensive positions.

**PHIL EVANS - CENTRAL DEFENDER** Signed from Bridgend Town in 1987, has Captained the Welsh non league International side and has Football League experience with Swansea City.

**KEVIN ROGERS - MIDFIELD** A local boy who joined the Club in 1987 after Football League experience with Aston Villa, Birmingham City and Wrexham. Has played in Europe with both Wrexham and ourselves, and is a current Welsh Non League International.

**PAUL GILES - STRIKER** An exciting attacking Player who rejoined the Club in January 1988 from Newport County. Has also played League football for Cardiff City and Exeter City and spent two years in Holland playing for Excelsior and SVV.

**DAVID WEBLEY - STRIKER** In his third year with the Club, has become one of the most prolific goalscorers in non league football. Scoring 60 goals in his first season and following up with 36 goals last season. Already this season has scored over 40 goals and is a current member of the Welsh non league International side.

**PHIL GREEN - STRIKER** A strong old fashioned, bustling centre forward, rejoined the Club last season after a spell in Saudi Arabia. Has also played in Hong Kong and has football league experience in the Third Division with Newport County.

**ANDREW BEATTIE - MIDFIELD** Joined the Club in 1987 from Western League Club Mangotsfield, and has proved to be a settling influence on the Team. A current member of the Welsh Non League International squad and was once on Newport County's books, is the present Club Captain.

**CERRI WILLIAMS - STRIKER** One of the most popular players at the Club, having been an apprentice at Newport County, where he scored on his Football League debut at only 16 years of age. Was a regular member of Newport County's Third Division side and a Welsh Youth and Non League International.

**STEVE WILLIAMS - MIDFIELD** A strong, tough tackling midfielder, has been with the Club for five years, having previously played for Ebbw Vale and Pontllanfraith in the Welsh League.

**NIGEL FRENCH - MIDFIELD** Joined the Club last season from Swansea City, for whom he made over forty League appearances, is just returning to full fitness after a bout of glandular fever. Can play in midfield or attack.

**LYN JONES - MANAGER** One of the most successful non league Managers in the Country. Started his football career as a youngster at Arsenal before moving on to Bristol Rovers and Newport County. He then became Player Manager at Bridgend Town and took them to the Southern League Championship and Cup. Has since won the Welsh Cup with Merthyr and the Southern League Midland Division Championship and Merit Cup. A strong believer in attacking and attractive football.

## **ALAN CLIFTON — CHAIRMAN**

Being Chairman of a football club, the tragic events that occurred at Sheffield's Hillsborough Stadium last Saturday had of course significant meaning to me, my fellow Directors and every member and staff of Wealdstone FC.

Stunned disbelief shadowed not only my thoughts, but also everybody who was present here for our home game versus Fareham Town, and our decisive 3-0 win turned from one of celebration to shock and grief as the scenario of events unfolded before our eyes on television.

I am sure that everyone here today also felt horror for the victims, and saddened grief for the families who lost their loved ones. Indeed the tragedy touched Harrow as two young ladies from neighbouring Pinner suffered such a terrible death, watched by their father who hopelessly observed the horrific scenes from another part of the stadium.

It is not of course my or your position to proportion blame for this tragedy and of course wild speculation contained within the media certainly gives neither television nor some sections of the press any credit during this period of grief. Trial by media sadly in these modern times is becoming increasingly more prevalent, and through irresponsible reporting, can often prejudice the outcome of any enquiry, but more importantly intrudes on the lives of the bereaved.

## SUPPORTERS' CLUB REVIEW

For our final home match of the Season we say 'hello' to our visitors from Merthyr Tydfil this afternoon. I was personally very impressed by the hospitality and sporting attitude displayed by the Merthyr fans when we played them at Penydarren Park in January, that was especially significant as an ugly atmosphere would have only made our injury problem on that day seem even worse. Incidentally, Merthyr fans might wish to note that Alan Cordice has not kicked a ball since that game and will not play again until next season.

I was not able to be present at the Gosport Borough game last Thursday week, but I understand that Layne's collection for the Hillsborough tragedy fund brought a very generous response for which we thank you.

Inevitably I am writing these notes early and before our AGM on 24th April (last Monday). However, as I won't get another opportunity this Season I should like to publicly thank our outgoing Committee members. Prior to Monday's Meeting, Pete Worby our Treasurer indicated to us that he would be stepping down at the AGM. I would personally like to thank Pete for a terrific job done on the committee for more years than I can trace on record! He has done a very competent and reliable job as Treasurer and has been very much part of the strength of the Supporters' Club Committee over past years. Needless to say he will be sorely missed; however, Pete has kindly offered to continue helping the committee on the catering side and this we very much appreciate. Sudhir Rawal will be taking over the mantle of Treasurer and we wish him well. My brother Bob DuGard will be leaving the Committee, this really being forced by his removal to the woolly wilds of Wokingham!!, and the trips up the M4 were getting too much for the commitment required of Committee work.

Bob, as most of you will be aware, has done fantastic work on the catering side for a long period up to the beginning of the current Season. Bob was also almost solely responsible for getting us involved with The Harrow Show - now an established event in our calendar. Matthew Ansell has also indicated that he will be leaving the committee. Matt has put in a great deal of work over many years now and assisted Bob greatly with the Harrow Show project each year. Thank you gentlemen!! A further change is that Layne Patterson has been promoted to Assistant Secretary and you will be hearing more from him next Season.

And so yet another Season draws to a close . . . . Now is the time for us to take a short break - a breather to rekindle our enthusiasm for next Season, because hope springs eternal!

As far as the Supporters' Club is concerned the watchword for next Season must be COMMITMENT!

Without it we are finished. I will still be around to do my best to ensure that we do what we can. There is one hell of a lot more we need to do as a Club but we can't do it without YOUR help.

See you next Season!

## THE GOLDEN STONES AWARDS

As we approach the end of another Season the time has come to make the annual awards for deeds good and bad as well as to recall some of the "things they said". As you are all aware, these awards are held in high esteem throughout non-league football. Every winner will this year be presented with a handful of cuttings from Tony Lynch's grass box. The request from Alvechurch for a box of seed, should they be fortunate enough to win one of the coveted trophies, was reluctantly turned down due to budgetary restrictions. The awards were made following numerous committee Meetings. the Committee consisted of Smudge the Cat, Stripe the Dog, a stray gerbil and Alan Clifton's portable phone.

**Individual Goal:** Mark Harrison at Dorchester.

**Team Goal:** Danny Bailey -v- Alvechurch.

**Goal by an Opponent:** Peter Taylor, Dartford (twice).

**Programme:** Us. (Leicester Utd deserve a mention for originality but production quality was poor).

**Clubhouse:** Leicester Utd.

**Food:** Leicester Utd.

**Toilets:** Leicester Utd. (Complete with condom machine, assorted colours available).

**Editor's Note:** It's a shame they are being relegated. Nice people, good facilities and obviously the 'safest' ground to visit.

**Tea in a Mug:** Rushden Town.

**Total Ineptitude:** Anyone who played at Corby and Redditch.

**Worst unpunished foul by a Stone:** Mark Harrison on Flowers (Corby).

**Worst unpunished foul by an opponent:** I think we know!

**Best Ground:** Merthyr.

**Weakest Beer:** Merthyr. (To be accurate it was a little pub in Pentre-Bach).

**Best Beer:** Worcester. (Followed by barrel rolling contest).

**Idiot of the Year:** Welsh gentleman who spent 45 minutes loudly questioning our parentage. (To put the record straight, we all found the people of Merthyr very friendly and shouldn't home in on the one who let the rest down.)

**Worst Ground For Viewing:** Corby - closely followed by Fareham.

**Best Away Support:** Us. (Four years ago Dennis Byatt said "The away support is incredible, but I don't know why". Well, the away support continues to be healthy with some new faces amongst them. Long may the trend continue. If you don't travel to away games then give it a go. Most of the time you can be assured of an excellent day out spoilt only by the intervention of the game!).

### THINGS THEY SAID

The following is a sample of some of the quotes that otherwise would be forgotten. It is only right they be recorded for posterity.

"Let's turn the pitch sideways, leave the stand where it is and give the supporters telescopes"  
- Away Ground.

"I decided to see what would happen if I ignored the linesman for a third time" - Referee at a recent home game.

"Stay cool brother, don't jive me, you honky trash" - Sammy just prior to being cautioned.

"Come on Ref, you're missing a good game here" - Terry Warren.

"Go away, my mum told me not to talk to strangers, I am going to have to wave my flag if you continue to tell me that I have just made an awful blunder" - Linesman in the County of Avon.

"I didn't doo verry wel at spilling wen I was at scul, so you mist expict a fue mistaks in the progimme" - WFC programme typesetter. (Pity about the Cwap Copy)

"OK so I've struggled at times this season, my ball control sometimes isn't too good and I wave my arms around a lot, but I DON'T give up" - Sammy

"Let's add the cost of a programme to the admission charge, but when we run out of programmes we'll still charge the same" - Fund Raising Executive at an away ground.

"Is it always raining and foggy here?" - Anyone travelling to Dover next week.

"Why are we in this position, only Dartford have looked any better than us" - Anyone travelling to Dover next week.

## **B P BRAXTON - Secretary**

As another Season draws to a close, I would like to thank my back-room staff for their efforts. To Joe McKeever, Tony Lynch, Graham Smith and Val Shearer whose efforts have been greatly appreciated. To the one and only Steve "Hughie" Marshall for the work he has put in this Season on the programme and all the other duties he carries out with his usual efficiency. A special mention must be made of Janice Cladd our Office Secretary. Janice, who joined us at the end of last Season, has done a remarkable job during the past year and now has the Office running smoothly. One thing she has learnt is that running a football club is totally different to any other form of business.

My final thank you goes to David Free who has held numerous posts in the Club for the past eight years. Unfortunately, David is moving to Manchester for business reasons, so today is his last game. On behalf of Wealdstone FC I would like to thank him for his efforts over those 8 years and wish him every success for the future.

## **JUNIOR STONES COLUMN by David Albert**

A very warm welcome again to our last home match of the Season. We extend the usual cordial welcome to any junior supporters of Merthyr Tydfil who are at today's game. Although the Season has been very disappointing on the field, off the field it has been quite successful. To date there are 481 Junior Stones, which is an 18% increase in membership over the 1987/88 Season. As well as this, over 50 junior supporters have collected their ski hats as a result of attending at least seven home League fixtures. Considering the average League attendance, this is most encouraging.

I will be running the Junior Stones again next Season and all current members will receive their Junior Stones applicataion forms by the end of July giving them time to return them and for me to distribute Junior Stone Cards by the start of the league Season which is usually the middle of August.

To help matters I would appreciate it if I could get some feed-back from you on how you would like to see the Junior Stones run next Season. Already one of our Junior Stones, "William Fisher" has suggested a Junior Stones Football Club. I am very much in favour of this, and I would think a five-a-side team would be the best idea: many of the junior sections of Football League Clubs run five-a-side teams and I would hope that we could enter a team in a few five-a-side competitions.

If you have any more ideas please let me know c/o the Club.

Today is the last occasion you can claim your ski hat. Check your cards and if you already have six signatures on the back of your card, come to the Club Shop and get your seventh signature, and your ski hat.

I hope you all have an enjoyable close season and if you have any exams to take this summer, good luck . . . . .

All the best and see you next Season.

## **AWAY TRAVEL NOTES**

Good afternoon everyone and welcome to this, our final home League game of what can only be described a a very indifferent Season.

I do not honestly think we could have been handed a tougher run-in to conclude this Season, but the points are up for grabs and it is essential that the Stones get their fair share of them (if not all). I think we would all like to see the lads finish this term with a flourish and here's to three points today.

After today there are just two League fixtures remaining when we travel to Dartford this Monday and Dover next Saturday. As usual, I would like to think that a sufficient number of people are prepared to travel to these games to warrant running coaches. Can you please make your bookings in the Club Shop today. Because the Dartford game is so close, a decision as the the viability of running a coach will be made by the end of this afternoon's game. A tannoy announcement will be made.

## Sidelines by Neale Harvey

It's a little hard to believe that this is our final home game of the Season. I must be getting old because it only seems a few weeks since the start of the Season. However, they tell me that the cricket has begun and Graeme Hick has scored his first century of the Season so it must be time to put the old quill pen away for another three months or so before we all assemble around the hallowed Lower Mead turf in August. Talking of the turf, what a fine job Tony Lynch has done with our pitch this year. There can't be too many players who double as the Club groundsman and the surface has been a credit to his efforts. In many ways the trueness of our pitch has worked against us this Season as I think it would be fair to say that we have not played well away from home when encountering the bumpier surfaces at other Clubs. There is no point in making excuses, however. The simple reason for our lack of success this Season is that we are not good or consistent enough. There have been times through the year when we have looked a good side but these have been few and far between and a bad result ( usually away from home) has normally followed a victory. To me we seem to have a soft centre and have all too often collapsed when faced by sides who are prepared to put us under pressure. The matches at Rugby, Fareham, Corby and Redditch have all been classic examples of that and it is simply not good enough. To have a chance next Season we have to go to places like that and get something out of the game, as it is our away record which has cost us most dearly this time around.

*According to most of the pools pundits our appearance on the coupons today constitutes an away banker and in view of Merthyr's recent surge their outlook is well justified. What I am sure of, however, is that we are in for a splendid game and a good climax to our home season. The match at Penydarren Park in January was a fine advert for the Beazer Homes League and for once Wealdstone's large away following had plenty to shout about. With a similar following expected from South Wales today there should be a great atmosphere at Lower Mead and no excuse for us not being fired up to dent the visitors promotion aspirations.*

Whilst it would be fair to say that we have not enjoyed much success this year, there has certainly been plenty to keep the interest going, not least of all our late season flirtation with the bottom four. Even now we still have something to play for in that a top ten place would enable us to compete in the Premier Inter-League Cup next season. You never know, one day we may get past the second round in that blasted competition. ( Don't tell me Mr Couch, I've just noticed we reached the third round this season!)

*According to my rough calculations ( no doubt the aforementioned club statistician will correct me) this is the 31st programme of the season to be produced by Steve Marshall. A lot of time and effort goes into achieving what is hopefully seen as a high quality programme and I hope that the Club receives some appropriate recognition when the awards are handed out. That would be a fine reward for Steve's efforts in particular, and well deserved all round.*

As far as this column is concerned I received some indication that certain comments of mine were deemed over the top in the last issue against Fareham. Having since read it again I assume that it concerned the bit about my good friend Colin Moynihan, and I am prepared to say that, on reflection, I may have gone over the top. From time to time one can get a little bit over emotional about certain subjects and the identity card scheme has been a bug-bear of mine and many others for a long time now. That, however, is no excuse for slugging the man down as a person and I would like to apologise to him and anybody else who may have been offended by my observations.

*Once again this Season our away support has been marvellous and it never ceases to amaze me how many people go away when you consider our paltry home gates. There are, of course, two more awaydays to come - on Monday at Dartford and Dover next Saturday - and I'm sure everyone will be there hoping for a grandstand finish. I did a quick calculation and have reckoned that by the end of the season the average away Wealdstone supporter will have travelled well over 5,000 miles, spent £300 in travel costs, spent 180 hours 'on the road', eaten 25 grotty hot dogs, eaten 15 grotty burgers, drunk 30 cups of even worse tea or coffee, sung 280 songs, been abused by 900 Welshman (only joking lads!) been threatened by 10 West Midland policemen, vowed never to go again 28 times, given 'Hughie' Marshall stick 43 times, made Norman Milne slap his head 13 times, drunk 108 pints ( I did most of that in one night in Bromley!) abused 30 referees and 60 linesman, called me 'slaphead' 63 times and been admitted to a psychiatric hospital after Samson had missed another open goal once! Great isn't it? See you sson and thanks for reading my waffle.*

## Club Shop Chat with Toby Jackson

Welcome back to Lower Mead for this final home league game of the current season, a season that we shall not be sad to have out of the way. A season that began so optimistically collapsed mid-way and at the time of writing sees us still far from certain of retaining our premier League status. Tony Jennings and Alan Clifton have brought some quality players to Lower Mead: perhaps some of these players can sit down during the summer, consider what the club gives them and ask themselves if they have truly given 100% in return. No club has at our level such a hard core of support that will travel anywhere at any cost to support their team as there is at Wealdstone: the second half effort on the Alvechurch dirt-bowl gave hope that some pride of performance exists to repay this loyalty, but this will need to double if 1989/90 is to see us reclaim a conference spot.

## **BEAZER BANTER By Sudhir Rawal**

No-one can say that this season hasn't been an eventful one. We have had the dizzy heights of being top of the table, the deep depths of the nether regions of the table, the hysteria of our Trophy win at Bromley and the capitulation of our defeat in the Middlesex Senior Cup semi-final. There have been the dazzling, skilful performances such as home to Bromsgrove Rovers and the dire straits of the defeat at Redditch. We've had the gritty, gutsy performances such as at Merthyr and the lackadaisical ones such as at Corby. Yet, above all, we would all agree it has been a season of disappointment. One which promised so much, one which saw so much optimism on the terraces early in the season. No-one is more aware of it than the Board, Management and the players.

However, it was a season of consolidation, reassessment and steady progression. The more level headed amongst us never considered promotion back to the GMVC as the likely conclusion of the season, especially considering how many new players had been brought into the side. Last Saturday's trip to Alvechurch showed what can happen to Football Clubs. There was a desperately sad sight of 'For Sale' notices outside the ground, the terraces (what there was of them) were sparsely populated by home supporters, and the home supporters not knowing if and when the Club would be folding. Yet Alvechurch have been a relatively successful side over the last few years. The Southern League Cup and the Championship have all found their way to Lye Meadow in recent years. At least Wealdstone are alive and kicking. The securing of Wealdstone's future is the most important consideration for both the Board of Directors and the supporters. After the past few years, it is so pleasing to see a Board of Directors, admirably led by Alan Clifton, who are not only committed to the Club, but are also football oriented. To the Board's credit, a substantial amount of money has been invested in the team and so the season's outcome has been made more disappointing. The team just haven't gelled, even though they are probably the best collection of individual players in the League. Why they have not gelled we can only speculate. We all have had our own ideas.

Yes the season has been disappointing, but we must not forget the high points that we've had. Who can forget the near pandemonium when Ev LaRonde scored our winner in the FA Trophy at Bromley amongst the 300 travelling Wealdstone supporters, or the gritty, back-to-basics performance at Merthyr Tydfil watched by a passionate, noisy, yet trouble-free crowd in a super-charged atmosphere. Let's be positive and optimistic, but not necessarily naive. At least Stones play, or attempt to play, football in the manner it was meant to be played. If only they could do it with more passion.

Despite the season not being all it should have been, the support amongst the loyal fans has been excellent. The numbers at home may not have been high, but the support has been noisy and passionate. This, along with the fact that the pitch is better than most we have seen this season, has led to our impressive home record. The support away from home has been exceptional as ever. A side with our away record would simply not take as much as we do away from home - Alvechurch's crowd last week was 200 up on their previous home match.

Anyway, enjoy the Summer - Let's hope Middlesex win all there is in the cricketing world.
