EDITORS NOTES

It gives me great pleasure to welcome you all to Lower Mead this evening for this very special occasion. We welcome First Division Luton Town and thank them for providing such class opposition to take on the great Wealdstone side of 1985. Thanks also to Stuart Pearce and Vince Jones and the rest of the lads for helping to make this a night to remember.

Welcome back all of you, and of course to Brian Hall and Les Reed who masterminded the great successes of '85. We must also thank our three officials tonight, and I've no doubt that they will enjoy the evening to the full, and finally to you, the supporters for coming along and supporting this evening. Robin deserves tonight. He has been a wonderful servant to this club and it is only right that he has enjoyed such success here.

Tonight will be a great success.

Enjoy it Robin!

"ROBIN"

Robin Keith Wainwright was born on 9 March 1951 in Luton, where he still resides with his wife Heidi and his four children, Lee, Luke, Lara and Jake. Robin works at a Luton Sports Centre where he is the assistant Manager.

His footballing career began in 1967 when he joined Luton as an apprentice. He signed professional forms at the age of 17 and remained at Kenilworth Road for four years making over 30 first team appearances. He played under Alan Brown, Alex Stock and Harry Haslam before transferring to Millwall in 1972. He spent two years in the reserve team at the Den before moving to Northampton on a month's loan, before Bill Dodgin signed him and he proceeded to play 25 games for the 'Cobblers'.

At the end of that season, Robin decided to make the break from League Football and joined Dunstable, who were then managed by John Moore. Two years later he moved south to Hillingdon Borough who were managed by one Barry Fry. Barry left only 3 weeks later and was succeeded by Jim Langley whose reign lasted two years before Allen Batsord took over. In 1979, Alan Fogarty made a successful bid for Rob and his Wealdstone career began. He made his debut in our first ever Alliance match, at Worcester on 18 August 1979, and the No. 6 shirt has had a familiar name against it ever since . . .

A typical Robin challenge

ROBIN WAINWRIGHT
BY BRIAN HALL
FORMER MANAGER AT WEALDSTONE F.C.

When I was asked to write a few words about Robin Wainwright, I cannot honestly say that it is merely a pleasure but in fact a privilege and honour to speak about not only the player but the person, and also a friend.

I first knew Robin when he played at Hillingdon Borough in the Southern League, and that came about by his playing against Wimbledon who were in those days of the same status. How times change!! Not so in the case of Robin.

He was often regarded as a "luxury" type player, however, I make no secret of the fact that he immediately went onto the shopping list when I joined the staff at Slough Town F.C. but loyal Robin remained at what was then the most senior of non-league levels.

He was transferred to Wealdstone when Alan Batsford took over at Hillingdon, and as you all know, Alan became Manager at Wealdstone in December, 1980. This is not a point which should be brushed under the carpet, as it is a fact and part of football that some managers do not "fancy" certain players, and some players do not "fancy" certain managers, and although this was never in fact stated, I had my honest suspicions that neither of these characters, and they are both characters, would have bought shares in the Mutual Admiration Society! I remember quite clearly making a bee-line for Robin, as I had also arrived as coach, and informing him that I had already read his mind, but that he should remain at Wealdstone. This proved to be one of my most important speeches, and I think one of Robin's best decisions to date. As a result Wealdstone Football Club did pretty well also, because the examples of fitness, enthusiasm, discipline and general demeanour which were displayed rubbed off on to the rest of a very successful non-league squad, which I hope you will be welcoming back tonight.

He joined in every part of the game, including the social life, with Hildi his lovely wife, and in fact Lee one of his four children, who was just as a ball-boy as Robin was a player. I shall never forget one of our fancy dress players' discos when Robin arrived as a Zulu Warrior, complete with spear and shield and even then such was his dedication to the cause, he was totally unrecognisable. His other claim to social fame was in fact a speech made by him on the night of the famous "Double Celebration Dinner". The speech lasted about half an hour, told us absolutely nothing, and had everybody falling about laughing, but to this day we still don't know what we were in stitches about! Probably that secret thing in life called delivery.

Delivery is possibly one of those words which could be used to describe Robin. As a trainer, as a player, as an enthusiast, an organiser, a person, a father, a friend, and now a prominent speech maker, he has never failed, but always DELIVERED the goods with 100% effort and determination.

It is because of those fine qualities that I opened this article by saying that apart from giving me pleasure I was honoured and privileged to write about him. Robin Wainwright has been a credit to the game of football, and I offer him my heartiest congratulations on such a fine career. Let's all enjoy an evening never to be forgotten.

ROBIN WAINWRIGHT – A SUPPORTERS VIEWPOINT BY SUDHIR RAWAL

The word that comes to mind to describe Robin Wainwright is that he is a gentleman. Quite simply in a world of selfish and greedy footballers, his attitude and ability stands head and shoulders above others. Since joining Wealdstone in 1979, when a record fee for one single player was paid, Robin has grown steadily in the hearts of the Wealdstone supporters. Though this wasn't true in the early years, when Robin would be the first to admit he was not too popular on the terraces. The problem is that the average supporter likes a player who runs around like a headless chicken, because it appears he is trying so hard, rather than someone who can trap, control and pass the ball in one movement, throwing in a pirouette or two. However, Robin has managed to turn the crowd around, culminating in him winning the supporters' club player of the year award in 1986. He won the award if for no other reason than you know, whether we are winning or losing, playing well or badly, title-clinching match or Capital League game, that Robin is always giving all he's got.

Who can forget Robin's antics when we won the Gola League Championship at Kettering. When Andy Graham scored our winning goal, rather than celebrate with the players or the 700 strong army of travelling Stones fans, he decided to run towards the corner flag and then up the touchline celebrating wildly. Or when he was lifted and held head high by ecstatic fans after the FA Trophy semi-final, or his speech at the end of season players meal in 1985. But my favourite moment was when he led the sing song while crouched on a table, on Trophy final night in Morritts. That just emphasised how important it was for him to be successful for this club. Robin's so involved with this club that one of his sons is an ardent supporter, while two other of his children have been mascots, even though they live in Luton.

The first thing I said was that Robin was a gentleman. He is one of the most approachable players in the squad, always willing to have a chat with any supporter, young or old. His friendliness was illustrated to me personally earlier on this season. On the day Wealdstone played Rayners Lane in a friendly, 'Stones were also involved in a five-a-side competition at the Luton Regional Sports Centre in Stopsley. Robin is the manager at the Centre and has organised the competition for the past three years. With the Stones already involved in a match, our small squad was stretched beyond the limit. So, Robin invited three supporter's club players to make up the side, alongside himself, Paul Bowgett and Robbie O'Keefe. Wealdstone only failed on goal difference to qualify for the final stages, even with the three SFC Wealdstone players. Even in such a "friendly" competition, Robin's will to win was unbelievable, he was shouting at and encouraging players all the time. The most impressive part was even though he was involved the whole day in organising and running the tournament, he still found time to see if we were alright, enjoying the event and personally thanked us for coming along and helping him.

So Robin, I hope you have a very successful night, and how about a sing-song at your Testimonial disco?

WE SALUTE YOU ROBIN— FROM THE SUPPORTERS CLUB

Good Evening everyone. Tonight we welcome Luton Town for Robin Wainwright's Testimonial match— together with our own heroes of the 1984-85 Double-Winning Season!! What Memories!

Tonight we pay a tribute from our hearts to our "Robbo" who has been one of the real Wealdstone greats for so many seasons now. I well remember Robin's first unannounced appearance for Wealdstone back in the seventies. My first reaction was "great stuff— now we don't have to worry about that long-haired so and so destroying our mid-field any longer when we play Hillingdon Boro!!" And we seemed to play Boro a lot in those days and Robin's tenacity and skill in the midfield always impressed— how good it was to see him in Wealdstone colours!! what relief!!

Those who, like me, always check on players' careers would have been greatly impressed by Robin's playing pedigree. In 1971-72 season, Robin was possibly thinking in terms of a long-term future in the top flight of league football when playing for Luton in Division 2, mainly wearing the No. 7 shirt. It was certainly our gain and every other Club's loss when Robin signed for Wealdstone five seasons later!

Those of us who know and appreciate a skilful player when we see one know that Robbo has more creative ability in his left-sided big-toe than most of those lesser mortals around him have in both legs and their brains together. And of course I'm talking about the opposition!!

Robin is a great Club Man and has always contributed wholeheartedly to activities on the Club scene over the years. No one could have more deserved our "Double" success in 1985 and no one was more delighted on F.A. Trophy Night by the evidence of Robbo's dance of delight over the bar tables!

To the man with the flowing mane (will he still look like that when he's kicking a ball about with his grand-children?) and the skills of Best, we salute you, mate. Keep going Robin, for football's sake— we need you!!

CLUB SHOP CHAT

Tonight gives us all the chance to honour and say a big "thank you" to one of the club's finest servants, Robin Wainwright. Over the years Robin has been a fine ambassador for Wealdstone Football Club as well as being one of our most popular players. His midfield skills have been as distinctive as his flowing mane and despite changing partners his name has always been one of the first on the team sheet due to his ability to stamp his authority on the middle of the pitch and control the direction of the game.

We welcome back our all-conquering "Double" side who brought such pride to our club and to Stuart Pearce and Vince Jones who have progressed into the top flight of the Football League from their more humble home at Lower Mead. We thank Luton Town for their contribution to this special evening and hope that all who are present enjoy the game as much as we at Wealdstone have savoured Robin Wainwright's performances in the past.

Replica Shirts: A reminder that our order of replica team shirts has been placed and delivery is expected imminently. Spare shirts in all sizes from 26/28 to 44 have been ordered, so if you wish to reserve one please call in with your £5 deposit today.

Issue 3 of the "Chelsea Independent" sells at 20p for those keen on keeping in touch with happenings at Stamford Bridge. There still remain a few copies of 1987's bargain buy "A review of Non-League football in Herts" which costs just £1.25 for 206 pages. The new issue of the "Elmslie Ender" should be available tonight: Issue 3 was a sell-out at the Club Shop so don't miss your copy! It is hoped that the December issue of "Groundhopper" magazine will also have arrived by tonight, a publication that is improving each month and good value at 70p

Lapel badges: Our own Wealdstone FC enamel badges are back in stock at £1.30 after a brief absence. So too are my new productions for Hendon FC, Gateshead FC and Woking FC.
