Helping the most important people in football

Football is more than a game of 90 minutes. Every day clubs throughout Britain are working to provide safer, more comfortable facilities for their supporters.

Much of this has been achieved with the help of the Football Trust.

Last season alone the Trust allocated over half a million pounds to improving safety at Pyramid clubs. The Trust is now expanding even further its help for clubs outside the Football League.

The Football Trust is supporting the game at all levels.

HUBERTS' NOTES.....

Good afternoon to you all and welcome to Vicarage Road for another season. I hope you have enjoyed your summer, not that it's over yet and that your looking forward to the season ahead. It has not been a happy summer for us here at Wealdstone but we are all committed to turning our fortunes around on and off the pitch and we are confident we can achieve this.

There will be new places to visit this season and some of them are most attractive. Canterbury and Newport in the Isle of Wight spring to mind. We must first though concentrate on a good start to the season and it will be a busy one with us entering the FA Cup at the preliminary stage next weekend!

Welcome to everyone from todays opponents Margate. It has been a few years since the teams met and I can recall that they were Thanet United in our previous term in the Southern League. Margate finished in 14th position last season and will be keen to improve upon that this year. This morning the Margate Supporters met SFC Wealdstone in a friendly and it is hoped to play a return fixture when we travel to Margate in November. One thing is for certain. The Dartford Bridge is to see a lot of us this season!

We have to say goodbye to some players from last season. The longest serving player of the departures was Paul Goyette who made 190 appearances, scoring 31 goals which included 15 penalties. 'Chalkie' made his debut v Dorchester Town on 7.January 1989 and his final match was v... Dorchester Town on April 30. Best wishes to Paul who remains in the Premier Division with Chelmsford City. Leo Donnellan has become one of Hendon's many signings joining his brother Garry. Leo made 105 appearances scoring 16 goals and made his league debut v VS Rugby on 18 August 1990 after signing from Fulham. Tiv Lowe played 46 matches scoring 7 goals, Russell Wilson played 38 matches scoring 10 goals and Martin Mcguire made 26 appearances. Tiv, Russell and Martin joined at the beginning of last season. We wish all of our former players every success at their new clubs.

This Wednesday we are at Burnham, kick off 7.30 pm. It is one of our local trips so do try and support the club there. Next Saturday we have a day off as we are hosts to Jewson Eastern League Tiptree United in the FA Cup Preliminary Round on Sunday here at Vicarage

Road, kick off 3.00 pm. You therefore have no excuse not starting your Xmas shopping next weekend! If a replay is necessary, it will be at Tiptree on the Tuesday, otherwise we will be at Bury on the Wednesday, and not Monday as originally planned. Does that make sense? There's always the STONES SOCCERLINE on 0891 884473 to explain it all. Sittingbourne, heavily tipped to win the Southern Division this season will be our next league visitors here on September 5, so it's a very busy and exciting time ahead.

We will not be featured on Ceefax or Oracle this season as only the Premier Divisions of the feeder leagues are featured. It will therefore prove to more more difficult to obtain the results so do remember the STONES SOCCERLINE on 0891 884473 is the only answer. We will ensure that the result and scorers, at least, will be available within 30 minutes of the final whistle. A report will be included if the phone situation allows it!

It is sad to report the demise of fellow Beazer clubs Alvechurch and Hythe Town. The former many will recall we met at Stamford Bridge on a glorious day in 1966 in the FA Amateur Cup Semi-Final when we won 1-0. Hythe reached the FA Vase Semi-Final just two seasons ago. On a brighter note, good luck to Bromsgrove Rovers in the Conference and let's hope they can make an impact in the Premier League of semi-pro football.

Please do not forget that considerable savings can be made by purchasing a season ticket for the season. Details can be found in this issue and you are reminded that membership of the club is included within the season ticket.

So do enjoy today and the season ahead. We are desperate for success and though it may take time and require a little patience, today could herald a new dawn for all of us.

CROSSLEY'S CHAT.

Here we go again and another season is upon us. What is in store??

Well a lot depends on how hard we all work and pull together, in seeing that Wealdstone Football Club becomes a force in football again. It has been a hard struggle in the close season with people wondering whether we would start the 1992/93 season.

Anyway, enough of the negative now to be positive. This season we have new caterers, Premier Partnerships and I hope that their products are acceptable. This season we are opening the Aldenham Suite on match days, please support us in using this bar as it will mean that you are contributing to the finances of this Club.

There are still many of you that have not joined the "Blue Ribbon", come on it's only £1 per week, and you can win up to £400 per week. With everyones help we can get this figure up to £1,000 per week.

Anyway, that's enough said for now, more to come in future programmes.

Ian Crossley,
Commercial Manager.

1978/79 (Premier Division)	W1-0	L0-1							
1981/82 (Southern Division)	W6-1	W2-0							

(Wealdstone's score given first)

The first of our ten previous matches against Margate took place on Saturday 31st August 1974, just four days after we had beaten Bury Town 7-1 in a Southern League Cup match. Any thoughts the Lower Mead faithful had of seeing another big win for the Stones was soon to disappear as the seashiders left Lower Mead with a 3-0 victory under their belts. This first meeting came as a result of us having gained promotion to the Southern League Premier Division for the first time by winning the First Division South the previous season. Our team that afternoon was:- John Morton, Derek Evans, John Watson, Eric Burgess, John McCormick, Ray Fulton, Jim Godfrey, Terry Evans, Bill Byrne, George Duck, John Henderson, with Paul Fairclough as substitute. Later on that season we were to lose 2-1 at Margate's Hartsdown Park but all things considered we fared reasonably well that season finishing in eighth position, one place behind Margate.

The following season, 1975/76, Margate again completed a league double over us, winning 2-1 down by the sea and 4-1 at Lower Mead. Margate finished in 11th place in the final table while Wealdstone, who finished 19th, were only saved from relegation by the enforced demotion of Dunstable Town.

We began the 1976/77 season by visiting Hartsdown Park for our opening league fixture and goals by Keith Lawrence (17 mins) and Stuart Woolgar (32) paved the way for a 2-0 victory, our first ever over the Kent club. Although Margate were to draw 1-1 at Lower Mead later in the season it was not enough to prevent them finishing bottom of the table and being relegated. Wealdstone managed to finish in 14th place.

Season 1978/79 saw Margate back in the Premier Division once more and their league matches with us resulted in both sides gaining 1-0 wins on their respective home grounds. Wealdstone finished in 15th place and were to become one of the founder members of the newly formed Gola League. Margate, in 19th place, were to become part of the new Southern Division of the Southern League. (Correction: For Gola League read Alliance Premier League).

Our paths didn't cross again until the 1981/82 season when, having been relegated the season before, we were to meet Margate (by now known as Thanet United) in the Southern League's Southern Division. The fortunes of both clubs were to be complete opposites. We finished the season as league champions while our visitors finished bottom of the table in 24th place. During the season we recorded our biggest win over the seashiders, winning 6-1 at Lower Mead. Neil Cordice scored one of our goals, the others coming from his brother Alan with two, Colin Hardman, Nigel Johnson and Robin Wainwright. On Saturday 20th April 1982 we travelled down to Hartsdown Park for what was to be our last meeting until this afternoon. Goals by Paul Bowgett (25 mins) and Alan Cordice (77) earned us a 2-0 victory, the teams that day being as follows:- MARGATE: Colin Page, Neville Hemmings, Mark Dixon, Gordon Bines, Andrew Jackson, Bob Walter, Alan Fagan, Wayne Godden, Lennie Lee, Karl Lloyd, Mark Harrop, with Tony Smith (substitute). WEALDSTONE: Ray Goddard, Steve Perkins, Stuart Pearce, Dennis Byatt, Paul Bowgett, Fred Barwick, Paul Waites, Robin Wainwright, Alan Cordice, Ray Knowles, Roy Davies, and John Morris as substitute.

WEALDSTONE APPEARANCES 1991/92 SEASON

Wealdstone used 50 different players in the 78 league and cup matches played last season. Jim Watson started in 62 matches and came on as sub in one. He was followed by Neil Cordice, who missed only one Beazer Homes League match, with 61+2 sub appearances. Other players to make 20 appearances were Paul Goyette 48+6, Leo Donnellan 46+12, Tiv Lowe 45+1, Andy Hedge 44+11, Steve Tapley 42, Peter Bartlett 40+2, Wayne Roach 37, Sean Pearson 31+8, Mark Hopson 31+7, Russell Wilson 29+9, Dermot Drummy 29+1, David Hudson 29, Johnson Hippolyte 26+14, Martin Blackler 23, Martin McGuire 20+6, Steve Browne 18+4 and Mark Harrison 17+4.

MARGATE FOOTBALL CLUB

Margate FC was formed in 1896. They played at various grounds, including Northdown Road and the Margate College grounds. They won the Kent Junior Cup in 1902 and joined the Kent League in 1911/12. After the Great War, the club turned professional and used grounds at Dreamland Amusement Park and Garlinge. The club was suspended by the football authorities for 1923/4, but were runners up in the Kent League in 1927/8. However, heavy debts caused the club to close down at the end of that season. Margate FC reformed in 1929 and moved to the new Hartsdown Park ground. The club then began it's fine record in the FA Cup, in which victories have been achieved over Gillingham, QPR, Crystal Palace, Bournemouth and Swansea City. Having won the Kent League in 1932/3, Margate joined the Southern League and were runners up in their first season. Margate became the nursery club to Arsenal in 1934, with many Arsenal players coming to Margate. They even played a home FA Cup tie at Highbury. This was the club's most successful period. In 1935/6, Margate reached the FA Cup 3rd Round, losing 1-3 at Blackpool. They were Southern League champions, having won the Eastern Division and beaten Western champions Plymouth Argyle Res. in the decider. Margate also won the Southern League Central Section, the Kent Senior Cup, Kent Senior Shield and Kent League Cup. The following season, Margate won the Southern League Midweek Section. Heavy costs saw the club return to the Kent League in 1937/8 and they finished as champions. However, the Arsenal nursery arrangement ended and heavy debts caused the club to close down. Margate FC was reformed for the 1939/40 season, but then war broke out again. The club was reformed again after the end of the war. Many honours were won in the 'Kent League Days', including the 'double' in 1947/8. Most of the success was under the management of Almer Hall, the former Brighton, Spurs and West Ham player. He was manager from 1950 until 1970. Having played in Amber & Black for many years, the club changed to Blue & White in the late 1940's - one of the club officials was a Huddersfield fan and suggested their colours! In 1959, along with several other Kent clubs, Margate joined the expanding Southern League. In 1961, there was a sensational 3-0 win in the FA Cup 1st Round at Bournemouth, who, until then, had been undefeated at home in Div.3. Margate were Div.1 champions in 1962/3, but were relegated from the Premier Division in 1965/6, returning as runners up the following season. Margate beat neighbours Ramsgate Athletic in the Southern League Cup Final, in 1967/8. They were runners up in this cup in 1962 and 1975. In 1971/2, Bournemouth had revenge in the FA Cup, beating Margate 11-0 at Dean Court, with Ted McDougal scoring a record nine goals. The following season, Margate reached the FA Cup 3rd Round again, losing 0-6 at home to Tottenham Hotspur, before a record 14,500 crowd. Margate were relegated again in 1976/7, but were champions of Div.1(South) the following season. In 1981, the club changed it's name to Thanet United, hoping to attract sponsorship from a wider area. The club finished bottom of the league in it's first season and struggled to avoid relegation in the following two seasons. Promotion was narrowly missed in 1984/5, while in 1987/8, Thanet finished 5th. They again struggled against relegation in 1988/9, towards the end of which, a new Board of Directors was appointed. The club reverted to it's better known name of Margate FC for the 1989/90 season, on a firm financial footing, hoping to see a return to the kind of success which has been enjoyed at Hartsdown Park in the past. Over 40 players have joined League clubs from Margate, including: Mal Griffiths (Leicester City & Wales), Horace Cunner (Notts Co., Arsenal & Wales), George Thompson (Linfield & Northern Ireland), Reg Lewis (Arsenal & England) and George Marks (Arsenal & England).

WILL YOU SURVIVE THE UPTURN?

S imply to survive the recession is no guarantee of business success when the economic upturn is fully in place.

New customers and orders require new stock and increased overheads . . . and additional funding.

And once you have completed the order, how long do you wait for payment 60 days . . . 90 days or what if a customer simply can't pay you?

Prudent companies are preparing for the upturn NOW: so that the dream of recovery does not turn into a nightmare.

We have been helping companies to grow without financial hassle for nearly thirty years.

BCS offer funding based upon the current level of sales.

As your orders increase so can the facility.

THE SUDHIR RAWAL COLUMN

Phew! A quiet old summer wasn't it?!

If Wealdstone supporters were expecting even hoping for a recuperative summer after the disaster of relegation, then the sportspages, and even the front page, of the local newspapers would have shattered any hopes of that. The club has once again been dragged through the mire, but at least much of the extraordinary events were designed to put the club back on an even keel. Administration orders are alien to the vast majority of supporters, and hopefully last Tuesday's meeting will have explained the rudiments of the implications. If last Tuesday's meeting was anything like the last crisis meeting back in February 1990, it will certainly have been emotional. Hundreds of fans were present that day, hopefully as many turned up during the week. One can only hope that everyone involved at the club will now pull together in one direction. I do not intend to delve too much into the administration order as it has been covered greatly in other publications and no doubt will be in today's programme. One simple way that every supporter can play their part in helping Wealdstone survive is to buy a Blue Ribbon. To be honest, if any individual reading this programme and claiming to be a Stones fan and not having a Blue Ribbon should be ashamed of themselves. In fact, they might as well walk out now because really this is one of the tangible ways of saving the club, and not being involved is scandalous. It isn't asking much to put the politics and blame aside, to help save the club for a mere £1 a week. When Supporters write in to the club, spending time and effort explaining why, as it isn't their fault, they will not be purchasing a Blue Ribbon, then you just wonder which side they really are on. The time for blame apportionment has come to an end, now we must play our part in saving this famous old club.

Administrators, even friendly ones, have a legal obligation to run the club profitably. Cut backs will be constantly made, of that there is little doubt. You will only have to look at today's programme. Gone has the glossy, fully typeset award winning publication. It is back to basics, hopefully the content which won those awards can still be maintained. It may even get worse on the pitch before it gets better, I know it is a well worn cliché, but very appropriate in the circumstances. Patience will be a virtue.

That is not to say that success on the pitch can not be achieved. Many still contend that on playing ability alone, last season's team should have finished in the top half of the Premier division, not being relegated. Challenges for the title will many, but that should not deter our own ambitions. Sittingbourne, who sold their ground for £6m as we did but still have some £4m left accruing interest, will be strong favourites. They have bought a number of players with great experience, but as other clubs have found this does not always achieve the desired result. Sudbury Town, who consistently do well in the F A Vase, should figure strongly. They are a side with good support, that as yet failed to live up to expectations. Could this be their year? Of last year's other relegated teams, Gravesend, who finished bottom, have probably the best hopes. Other sides with real potential are Havant Town, who ran Weymouth very close for the runners-up spot, and today's visitors Margate could well be the dark horses. But, above all, there is no reason with the ability that many of our players have why we can not be promoted back at the first attempt. The flair is there, we just need the heart.

SIDELINES by Neale Harvey

So it's into unknown territory this season. No doubt I would have already received some stick today from Mark McManus, for after our victory over Dorchester in our final game last April I was convinced that something would happen that would lead to us remaining in the Premier Division. Our hopes of reprieve rested on Wycombe going up, Dartford going bust, and a club being excluded on ground requirements, a league reorganisation or a promoted club not being accepted. It wasn't to be, so I hold my hands up to-day and admit to being a complete idiot. However, I have now learnt my lesson and vowed never again to make any predictions, either in this column or verbally, about Wealdstone Football Club. The word "idiot" feels very appropriate as I write, because for some unaccountable reason I am actually looking forward to this season. It would be nice to visit a few places, albeit every away match will be on the domain of Network Southeast, and a recent scan through the good beer guide revealed some potential for sore heads. Most notable destinations for any early start would appear to be Andover, Salisbury, Sudbury, Margate and Canterbury. The weekend around 24th April should be interesting as well! No prizes for guessing where we are due to appear that day. All in all then, I haven't got a clue what might happen this season. One thing struck me during the recent Olympics however, everyone was focussing on the job in hand. The word "focus" was mentioned over and over again by competitors and commentators alike. It worked for Linford Christie, maybe the watchword could work for us. Over to you Brian.

The new pass back law provoked plenty of comment, not least of all plenty of whingeing and moaning from Managers and players. The main thrust of their complaints seem to centre upon the needs of their goalkeepers and defenders having to boot the ball incessantly into touch. The new law will apparently cause so much confusion for referees that the poor devils will become so fed up with criticism that they will ignore aspects of the law altogether. Experience is limited, but what I have seen so far we can definitely expect faster, more entertaining games. I think the managers are complaining because the law prevents pass backs intended to waste time and will expose their less skillful defenders for the donkeys they really are. With the soft easy option eliminated, defences in English football may now actually learn to pass the ball and play their way out of tight spots. As for the big boot out of defence, well English players have been doing this for over a century. Anyway, who will notice the difference now? Sure, we will see some daft goals going in but if that is the price we have to pay to speed the game up, I believe it is a fair and entertaining one. Anybody who says that football isn't in the entertainment business should spend £10 to stand up at Chelsea!

The F.A. Premier League came into operation last Saturday. Did anyone notice I wonder? The whole situation is a farce and has nothing to do with anything other than greed. The larger clubs ganging together to cream off the riches television has to offer and "sod the rest". Now however, seven of the Premier Leaguers, "The Platinum Seven" as one newspaper described them have set off a premier row by setting up their own advertising deal. "Foul" cry the likes of Wimbledon's Sam Hammann and Palace's Ron Noades. "How could they leave us out", "we are all supposed to be big clubs together". What did they really expect? Do the likes of Oldham really think the biggest clubs would not jetison at the first opportunity. How naive. My timetable for the future goes something like: Most of the clubs currently spending their share of the T.V. fees on mediocre 2.2 million players will fail to win a prize and make a loss in the first two seasons. Saturation T.V. coverage will bore the pants of everyone and reduce Premier League crowds within the same time scale. A European "Super" League will be presented, beginning in three years and TV would turn away from the Premier League, leaving half a dozen clubs facing bankruptcy and most supporters completely alienated by seats, high prices and poor football. In four years, a further reorganisation will see some sanity return with the formation of a First and Second Division followed by Regional Leagues comprising of third, fourth (ex) and Conference.
