

THE VERY FIRST WEALDSTONE FC

A HISTORY FROM 1883 – 1895

THE PLAYERS**

Cover photo: Early in 2016 I received an email from John Perry about a family member, George, who had played for the first Wealdstone FC in 1892-3 and had a medal from the Middlesex Junior Cup Final of that year. What transpired after some research and a couple of meetings was that George Perry had in fact played for the club over five seasons but had not played in the final as he had been injured in an earlier match. The medal, pictured on the cover, was attached to an Albert Watch Chain with a pocket watch. The 'set' had, we believe, been presented to George by the club to record his part in the cup run prior to the final. He was to return to play the following season before a further injury, a broken leg, which was to end his career.

INTRODUCTION

Thanks are due to Matteo Tonna for his efforts and assistance with researching match reports and details that have been used to build this history. Thanks also to Terry Hissey and Martin Read for the read through and corrections!

When I started research in 1997 for *'The History of Wealdstone FC'*, I began from the point that we all thought we knew, the formation date of 1899-1900. That had been detailed on club badges and noted as the formation of the club when the Golden Jubilee Handbook was published in 1950. Compiling the information available at the time didn't take long as much had been destroyed when the club left Lower Mead, still more was destroyed in a subsequent fire, but from the remnants, and armed with a few phone numbers, research began.

Reading the Jubilee Handbook, it was very soon apparent that 1899-1900 wasn't the formation date of the club but a step on the way, not least as the quoted match report from the fixture against Northwood in 1899 stated that *"the club wore the same colours"*. Further investigation in the Harrow Observers of the time also brought forward comments that *"a number of the same players were used"*. The question was: same as what? And when? It started a four-year process reading backwards in time establishing the facts as they were recorded and were then available. With reasonable clarity, links were established back to the formation of two clubs, 'The Oaks' and 'Cogswell & Harrison' in Wealdstone in 1887, though there were a couple of older Harrow clubs that at the very least had a number of players in common.

At that time, the path was outlined but some pieces of the jigsaw were missing, so the date of formation remained the same. In an effort to build as complete a record of the club as possible, research continued and, as more information has been found over twenty years later, gaps have been filled and we can now tell the story of two Wealdstone Football Clubs.

What follows here is the story of the first of these clubs and the earliest days of the modern club.

THE STATISTICS PART 2

THE PLAYERS FROM ALL CLUBS THAT FORMED THE FIRST WEALDSTONE FC

The player details herein are taken from the match reports and other information that it has been possible to locate. These in the main are incomplete, with missing 'complete line-ups', goal scorers etc. Therefore, appearances and goals should be assumed as a minimum number in each case. An example of this is the first recorded Harrow Rovers fixture and result, where no team is given but the name of the goal scorer is recorded and as such, he also earns an appearance.

In addition, there are a number of players whose names were unknown at the time with 'A Substitute', 'AN Other' and such like used in the reports. These have been included *as named* even where 'AN Other' for example appears twice in one line-up, it is recorded here as two separate appearances.

The positions given for players are based on their place in the written line-up. Unless directly indicated in a report, the line-ups are assumed to be listed as Goalkeeper, two Full Backs, three Half Backs and five Forwards (in some early reports there were only two half backs recorded with six forwards), in keeping with the tactics of the time. Many players played in a number of positions and this is identified where known. (The new position of Goalkeeper in the early years seems rarely to have been one player's position, often changing match by match).

Note also that some players are recorded as appearing for more than one team in a season. This occurred quite often up until the introduction of League football and registrations in the late 1890's.
